Grading Issues

- Everyone is encouraged to submit their own questions to the test bank
- Rotating committee of any math faculty from any campus
  - At least one representative from each campus
- The final exam will need to be secure (i.e., we cannot return it to students)
- Practice Test which should not come from the test bank

Discussion Points

- Number of attempts?
- Mastery level?
- Weight of the test for the course?
- Partial Credit?
- Assign C-?
- Pass the test for pass the course
