

MATH 4/52021
Homework #2

Reading:

For Thurs., September 17: §2.1 & §2.2

Prepare for class presentation Tuesday, September 15:

§1.3: 3, 7, 9, 13

§1.4: 3(e,h), 5, 7(a,c,h), 15, 19

Problems to turn in Thursday, September 17:

§1.3: 1, 4, 8, 14

§1.4: 1, 3(f,j), 7(d,f,g), 8, 18(a)

Notes:

- **§1.4 #1:** Use the definition of *dual graph* in Problem #10 of §1.4. This definition is more general and more precise than that given in Example 1. [Note that both answers to §1.4 #1 in the back of the book are incorrect according to this definition.]
